

Reporting Products by Category

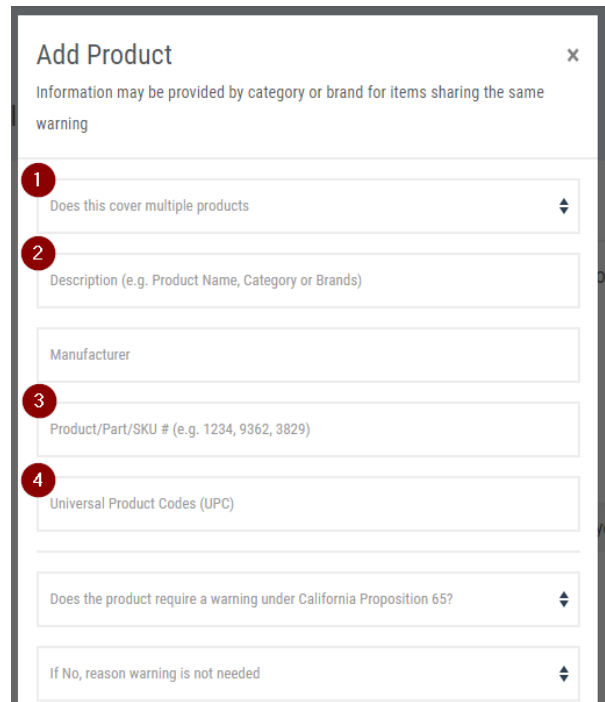

To complete your Proposition 65 declaration for ABC Supply, you do **not** need to provide a complete listing of every product you sell **if**:

- 1) Your products can be grouped into a similar category by type or brand **AND**
- 2) Do not require a Proposition 65 warning or all have the same Proposition 65 warning

How do I list by products by group?

To provide a response covering multiple products enter your information into the Add Product form in the Supplier Portal or the Product Declaration Import Template.

1. Answer “Yes” to the first question of ‘Does this cover multiple products?’
2. In the ‘Description’ field provide a provide the description of the category or brands that best describe the group of products you are reporting for (e.g. Acme Roofing Shingles)
3. In the Product / Part / SKU field list any Product Part or SKU Number applicable for the description provided. If multiple Part Numbers, please list in semi-colon (;) separated format. *This is Optional field and not required for submission*
4. Universal Product Codes (UPC) applicable for the group of products provided the product. If a UPC is not available or applicable leave this field blank. *This is Optional field and not required for submission*

Can I make changes after I submit?

Yes! The Product declaration form may be updated at any time if are changes to your product categories or product warning requirements.
